Nikki

Here is the table I was thinking about answering Ben's questions. The one caveat it lump State with Private lands. Otherwise I have identified the co-managed units and other federal acres in the comment section (second table).

I crossed reference this table with what we have on the web site and is current information.

Sally/Tim,

Can you pull this together for Ben? Also I think we should start a table on google so we can keep track of all these collectively.

Subject: Monument acreage breakouts

Hi Nikki,

I was wondering if you might be able to clarify, for each monument, the acreage included within the boundary. In particular, would it be possible to get information to break out, by entity, number of acres included in each monument:

- xxx acres of BLM land
- xxx acres of NPS land
- xxx acres of BOR land
- xxx acres of Forest Service land
- xxx acres of state land
- xxx acres of private land

As you know, some monuments have "expansion areas." It would be helpful to get separate breakouts for the original area and any expansion areas.

Thank you for helping with this.

Ben
